FOR INJURY AND SMALL LAW FIRMS. THE 30-DAY SIGNED-CASE SPRINT.

Every inquiry answered in a minute. Every old one followed up.

We text every new inquiry back in a minute, day or night, and follow up the old ones.

WHAT YOU GET

1. **A text within a minute, day or night**
   Every new inquiry gets a text back the moment it arrives, after hours too.
2. **Consult booked and reminded**
   The text books the consult, then reminds them before it happens.
3. **30-day follow-up of old unsigned inquiries**
   People who never signed hear from you again over 30 days.
4. **A weekly report with names**
   Every week: who reached out, who was answered, who booked.

INCLUDED FREE

Missed-Call Audit
Of the last 90 days.

Old-Inquiry Revival
The first batch is included.

A working-alongside guide
For the answering service or intake team you already have.

The free after-hours test
We call your intake line like a new client and send exactly what happened. No cost, no contract.

> THE GUARANTEE
>
> Before you pay anything we agree in writing on a number of booked consults for the first 30 days. If we miss it, we keep working free until we hit it. The risk is ours.

An intake hire costs $45,000 to $70,000 a year. This is a fraction of that.

We take three firms a month, one per practice area per city; spots start the first and third Monday.

HOW IT STARTS

1. **Free test tonight**
   We call your intake line after hours.
2. **We agree the number**
   In writing, before you pay anything.
3. **We go live Monday**
   Texts start going out.
4. **Weekly report**
   Names, every week.
